I’m sending the November Notes a little early to remind you to **preregister by November 1st** for the **Fall Undergraduate Research Workshop**. This is a great opportunity to learn more about research and the $10 preregistration covers lunch and snacks. You can’t lose with that value! I’ve attached the preregistration form to this email and you can find more information is below. Remember: you can preregister now, but pay on site.

***IMPORTANT REMINDER***
If you are an advisor receiving announcements and news through the CANCAS email list, please pass this information on to your students and to other faculty in your department. I’ve heard from several faculty that were not informed and did not realize information had already been distributed. Also, let others in your group know about the email list. I can send emails directly to anyone that requests this.

CURRENT EVENTS
* **Fall Undergraduate Research Workshop: Saturday November 6th**

  The program promises to be very exciting. This year’s workshop will host speakers from Campbell, Catawba, Gardner Webb, Meredith, Mount Olive, North Carolina Central, and Sigma Xi. The keynote speaker is from Davidson College. Take a look at the information below. I hope you can come!

  As is typical, the workshop will be held on a Saturday. If you will be arriving on Friday evening, and would like to get together with others arriving on Friday, contact the CANCAS historian, Colby Decker, at <v_ironfrenzy@hotmail.com> for more details.

  In case you missed the president’s letter with additional information, I have attached it to this email.

  Click on the following links for a flyer with more information about the workshop (Word format or pdf format). Please note an erratum: the previous flyer indicated the location was Raleigh although Sigma Xi is located nearby to Raleigh in the Research Triangle Park. Sorry for any confusion.
